Re: **NOTICE OF FEDERAL LAWSUIT with REQUEST FOR DISTRIBUTION**

Dear James, Douglas, and J.B.:

All fifty (50) States and Commonwealths have been named as co-Plaintiffs, and all American local governmental units, i.e., counties, county equivalents, and cities, have been named as third party beneficiaries, within class action suit just filed in the United States District Court at Tampa: <http://fundamentalerror.com>

In lieu of expensive and redundant hardcopy service of process unto each and every different Attorney General, for pure formality's sake, you are being asked to forward on sufficient notice to all your Membership, i.e., all those same AG's of each and every State and Commonwealth.

One complete hardcopy legal filing package has been courtesy mailed to James/NAAG at the Washington, DC office. Similar notice and courtesy package is en route to executive directors and highest ranking political pairings of leadership within and for the National Governors Association, and also for the National Conference of State Legislatures. Further notice has been provided unto both of the party leaderships in both Houses of the federal Congress, and to additional dual pairings of Democrat and Republican leaders, as applicable, for the National Association of Counties, the United States Conference of Mayors, the National League of Cities, the Republican Mayors and Local Officials, and the National Conference of Democratic Mayors.

A one-minute glance at the homepage for the above legal case website should be well sufficient as good and urgent cause for your immediate follow-through on notifying all your Membership, and your quick time and attention thereto is most obviously appreciated. With thanks, I remain,

Sincerely yours,

/s/ Torm Howse
